H950+

STRAIGHT STAIRLIFT

Our H950+ stairlift is an affordable and powerful solution for straight staircases. The H950+ incorporates the standard features of the H950 stairlift, but with an array of advanced features, such as the versatile and fully adjustable Smart Seat with a powered footrest and swivel seat option.

- A fully adjustable Smart Seat fits to the user's height and width for maximum comfort
- Includes user-friendly retractable seatbelt
- Each unit comes with 2 handheld remotes to easily retrieve the stairlift
- Prevent unauthorized use with provided key
- Available in six stylish colors; upholstery is easy-to-clean and flame retardant
- Limited lifetime warranty on the motor and gearbox; 2 year manufacturer's parts warranty

An affordable and powerful solution

Ergonomic and innovative design features

SMART

Stairlifts are battery powered to ensure you are in motion even during a power outage. The **continuous charging** feature charges the battery no matter where it is parked.

SAFE

Surrounded by **safety sensors**, Hoveround stairlifts are designed to stop if meeting an obstruction – keeping you safe and still on

INTUITIVE

The toggle control was designed in collaboration with occupational therapists to ensure it is **easy-to-use** and operate - simply push with your hand, arm or wrist in the direction you want to go.

COMPACT

The H950+ boasts a **slim profile** ensuring other stair users can still use the staircase comfortably and safely. Upgrade to a powered footrest to eliminate the need to bend when folding it up.

REVOLUTIONARY

The **Slide Track** moves up the staircase at the same time the seat is moving, leaving the bottom of the stairs completely unobstructed. A manual hinge is also available.

CONVENIENT

For an easier exit, **swivel** your seat toward the landing once you reach the top, either manually or upgrade to our automatic powered option.

Your first step to independence
